

I am concerned about the K-LOVE station, of which I am a regular listener, being replaced by another LPFM station. I believe this station is of public interest and is unique in that it offers encouraging, positive, family-friendly programming. I know there are many other listeners in my area who would also be impacted by this decision, as is evident by our commitment to personally provide funding for this and other similar stations. The loss of this station would *greatly* impact me as I find that it is one of only two stations of this type in my area. The alternative station, Air One, would also be affected by this decision. Please do not expand the LPFM service in such a way that would allow new LPFM stations to take priority over current FM services such as K LOVE!
